

SMART SHIPPING SOLUTIONS FOR GLOBAL INDUSTRIAL PROJECTS

Services And Industry Focus

Project Shipping Solutions

Tailored Solutions Calling for MPP & Heavy Lift Vessel

Our project shipping solutions provide tailored sailings for global industrial projects, catering to the distinct needs of each client.

Recognising the individuality inherent in every project and heavy lift cargo shipment, we establish close collaborations with our customers to ensure safe and efficient transport of their cargo.

Regular Semi-Liner Services

Connecting Asia with West Coast North America and Western Australia

Our semi-liner shipping services are designed to meet the requirements of customers seeking regular, scheduled departures and arrivals, eliminating the necessity for a bespoke sailing solutions.

We utilise the capabilities of our multipurpose heavy lift vessels, known for their versatility in accommodating various cargo types. This strategic approach allows us to effectively serve a diverse range of industry clients while accommodating a wide spectrum of cargo sizes and types along these routes.
